Room Party.

Look What We've Been Doing!

In Math practiced counting on a number line. We used the number line to help us add and subtract. We also looked for patterns on the number grid. We

In Science we talked about wetland and ocean habitats. We did a taste test of salt and fresh water.

We continue to enjoy Guided Reading. The children have learned several strategies for figuring out words they don't know. Encourage your child to try to figure out a word, rather than have you supply it for them.

This week we will be assessing the children on their Wall Words and reading levels.

We began having a "Weather Wizard" each day to help us learn about the

weather. Each child has the opportunity to be a meteorologist for the day. He/She checks the weather, temperature on line, and gives a weather report to the class.

Halloween Parade And Party

Our Halloween parade will be Friday, Oct. 31st at 1:45. Children may wear costumes that are not scary, bloody, or do have weapons. Your child should pack his/her costume in his/her backpack. We will begin getting changed onto costumes around 1:30. Children will be walking around the building and then around the bus lane. If it is raining, we will be in the hallways and gym. Our party will begin at 2:15 p.m..

PARENT Volunteers Needed!

We need parent volunteers to help with our Native American Stations on Tues. Nov. 24th from 8:15-11:20. If you would be willing to help small groups of kids do a provided craft or game, please let me know!

THANK YOU!

- To Mrs. Morse for her help on Friday afternoons with Treasure Chest and Friday Folders
- To those who returned their Guess Who book on time. If you have not done so, please return it tomorrow!
