

Special Board of Education Meeting
Saturday, August 11, 2008
8:00 – 12:00
Unit Office

Agenda

Review District Successes – Initiatives/Programs

Review District Areas for Improvement –
Operations/Programs/Initiatives

Establish Areas of Focus for 2007 – 2008

Prioritize Goals for 2007 -2008

The intent or design of this retreat is to identify areas of focus for future analysis, recommendations and board discussions. There is a need to define how decisions will be made and to establish the working relationship between the Board of Education members and the superintendent. The depth of the areas of focus will need more work by committee, administrative team or through our various resources like Citizens Advisory Committee.
