Grove School

Our Pledge To You
We care about each and every person at Grove School. We promise to do our best to provide the most positive and caring school environment possible so that we can teach, and our students can fulfill their potential for academic and personal growth.

Burns' Bulletin

Language Arts

This week the students read the story, "The Mixed-Up Chameleon." We also learned and the main idea of stories. We spent a lot of time learning about our reader's workshop this week. The children also took a quiz on the first grade spelling words. Please work on any words your child missed.

Math

Our class played a fun math game this week to review our easy addition facts. We took quizzes on time and money. Please practice telling time and counting money to one dollar at home. We will take our first mad minute test on Friday, September 11th. Be sure to study your flash cards and remember to practice writing the answers down, as this takes more time.

Science

We began learning about the Scientific Process this week. We discussed skills that scientists use to solve problems.

Social Studies

This week we read about what we will be learning this year. The students also reviewed our continent, country, city and state.

Announcements

Please send a three-ring binder to school. This binder will be used for our poetry throughout the year. The binder can be any color or style and should be a regular or small size binder, such as a quarter or half inch. Thank you!

If you have not done so already, please send the \$12 for extra supplies to school. Thank you for your help!

A September book order will be sent home next week.

Please feel free to e-mail me with any questions you may have. My e-mail is...

burnsa@unit5.org

Be sure to check our website often at:

Name: _____

Parent Survey:

Please complete the survey below and return it to school on Monday. Thank you!

Over the next few weeks, your child will be taking several tests to help me learn more about his/her skills.

What can you tell me about your child's test taking abilities that will help me support him/her this year?
