## GATOR PRESS

Grove Elementary  
Mrs. Dawson's  
3rd Grade Class

Volume 4, Issue 10

February 8, 2008

We finally had a full week! The third graders were very busy learning new things and presenting a play to their first grade buddies. We had a great week with a lot of focus and attention on our school work. The weather looks like it is getting better, so hopefully recess will resume outside next week!

Here are some highlights from this week:

- In math we learned about factors and division. Yikes!!
- In science the third graders learned about matter and its properties.
- In language arts we read *The Crowded House* and presented our play to our buddies.
- In social studies we continued our timeline on early Americans.

Thank you for all that you do for your child.

### Valentine's Day

Hopefully everyone got the note and class list regarding the Valentine's Day Party. It went home on Monday in the "Friday Folder". We will begin our festivities at 2:15. Valentines will be passed out in the afternoon and they will be opened during the party:)

### This and That

- The book reports were awesome! The students got to play the games that were made all week. They had a great time! The videos were wonderful—bloopers and all! Very creative! The posters and collages will be on display outside the room until the end of the month. The Power Points would make some *adults* jealous because they were so good!
- Young Authors is due on Monday!! Please submit your stories—we can't wait to read them!
- Don't forget—**NO SCHOOL** on Tuesday, **February 12!** Happy Birthday Abe! We **WILL HAVE SCHOOL** on **February 18th** which is President's Day.
