

Good News Report

Chiddix Junior High School

July 1, 2006

Coach Rachel Hinshaw

Members of the 6th and 8th grade Team Quest

This year, Chiddix had a 6th and 8th grade team compete at the Team Quest local, regional, and mid-west finals. This “ultimate academic challenge” tests the students’ ability in the areas of engineering, creative design, trivia, music, geography, and most importantly team work. The 6th grade team had a victorious year; they finished with a 2nd place finish in the mid-west finals. The 8th grade also did well by finishing 2nd in the regional which qualified them for the mid-west finals. We want to congratulate all these students for these impressive accomplishments.
