Good News Report

Fairview Elementary School Faculty – James Shaw, Principal

Together, the Fairview Elementary School faculty and James Shaw, Principal, have created the Academic Enhancement Night program. The program is designed to show parents what the children are learning so parents can better help with homework.

The program was the idea of Mr. Shaw and has been embraced by the entire faculty. The sessions are taught quarterly with the focus on language arts and mathematics but with possible expansion to science, social studies and other subjects. The teaching concepts conveyed in the evening programs help to motivate and encourage parents to assist in their children's homework assignments.

The Fairview Elementary School Academic Enhancement Night has opened another avenue for a partnership between home and school. Many thanks to the Fairview staff for their teamwork and collaboration with parents to keep children first!

Respectfully submitted,

John W. Pye
Assistant Superintendent of
Operations and Human Resources
