THIRD GRADE NEWS

MRS. KNOX'S CLASS

NOVEMBER 16TH-24TH, 2009

(2 WEEKS)

Language Arts– This week we are reading *The Stories Julian Tells.* There will not be a test over this story this week. There will be a test over spelling list #11 on Thursday. The spelling list is on possessives and plurals. We will be working on this concept in class all week, but the students will need extra help at home.

Math–We will be finishing Unit #4 on multiplication and division this week. The students will have a test over this unit next Tuesday. Don't forget to practice math facts EVERY NIGHT!

Social Studies– We are still focusing on our country's geography. The test over this chapter will be this Friday. A study guide will be sent home to study on Thursday night.

Science–We are finishing chapter 5 in science next week. There will be a test over this chapter next Tuesday. The study guide will be sent home to study next Monday.

Field Trip

Our class will be going on a short field trip this Wednesday after lunch. We will be watching a play about cooperation. This was offered to all third grade classes in the district. It will be at a church, but we were told that the play is not religious in any way. We will be leaving Carlock at 12:30 and will be returning around 2:15.
