OK, this took us three hours – and then we went back and fussed with it again. Please know that there wasn't a "bad" audition and there was nothing "wrong" with any of them. We had over 30 people at one point, but many had only one role, or the roles were back to back scenes, or their scene partner didn't suit them quite right. Please, don't give up. There was so much talent up there that I want to keep in the program, especially the brand new faces. Tomorrow (Sat) is another work day. We will be assigning crews at that time. Show us you are interested in the program and in future roles as well; come be part of the company on the technical side.

If you would like to talk about your audition I would be happy to do so. Come see me or email me. Thank you to everyone who spent so much time auditioning.
