

# Introduction to Iron Crew

## Iron Crew Leads:

- John Han
- Jane Han (Communications)
- Greg Reichert (Master Builder)

## What we do:

- Build and assemble props for marching band shows and competitions
- Unload trailer and move props to the field
- Move props off the field and store in trailer
- Maintain Iron Crew equipment

## When we do it:

- Most of our work is done on Tuesday and Thursday nights from 6-9pm (during band practice) and Saturday mornings from 8-11am beginning in August
  - We build/maintain equipment
  - We put props in practice areas for the band to use during practice
- We also attend home football games and travel to competitions

## Volunteers:

- We need people to build, to help move props for the games and competitions, or both
- You don't have to be at every work session or performance-just let us know in advance
- Some people act as alternates. We accept any help.

## Iron Crew uniform:

- We ask that each member buy a NCHS Band shirt - available during band camp week
- Bottom half is black pants or shorts
- Fringe benefit - Iron Crew button - get into home football games free

## Communication:

- Via email- let us know if that won't work for you and we'll make other arrangements

## This year's program:

- "Fire"

## State Farm Foundation:

- The foundation will donate \$500 to the band for your 40 hours of service
- We need every dollar, so get those hours in and then fill out the form. Give the form to me and I'll get it to our Treasurer who will apply for the grant
- Other companies may have similar programs, please check with your employer for possible grants
