

# Welcome SOPHOMORE Parents

## “It’s a Great Day to be a Wildcat!”

A few items we would like you to be aware of:

### **PLAN Test (Pre-ACT test) September 17<sup>th</sup>, 7:55 a.m. (All Sophomores)**

\* This is a practice **ACT** – testing in four subject areas to determine the students strengths and weaknesses. No sign up is required because all sophomores will be testing.

\* **PLAN** test results will also provide an interest inventory showing a student’s preferences for a variety of everyday, work-related activities to be used as clues to the kinds of career paths that they may follow.

### **Consumer Education Proficiency Test – Oct 8<sup>th</sup> 7:55 a.m. (optional)**

\* Sign up has begun in the Guidance Office and will end on September 24<sup>th</sup>. No fees required.

\* This is an optional test that if passed will fulfill the consumer education requirement for graduation. There are several other options to meet the consumer education requirement, see page 4 in the course description book.

As a reminder, students are assigned to a counselor by alphabet and we hope you feel free to call us with any questions or concerns you might have while your student is attending Normal West.
