## UPCOMING EVENTS

- **Monday**  
Spelling Pretest
- **Tuesday**
- **Wednesday**  
Grove Gator Day!
- **Thursday**
- **Friday**  
Spelling Test

### Help Wanted:

I am looking for some volunteer helpers in IWi for the month of May to help with end of the year projects. Please send me an email at [wiliamc@unit5.org](mailto:wiliamc@unit5.org) or a note with your child if you can help out.

### LANGUAGE ARTS:

This week in IWi, we read the story "The Puddle". Students enjoyed retelling this story through readers theater. This is always a fun time for our class because they all have a wonderful sense of humor. Along with "The Puddle", we focused on several other skills. We focused on the soft constant g /j/ as in badge, plot of a story, and verbs that tell about the past. Please have your child read the story "The Puddle" on pages 124-153. Keep practicing those vocabulary words!

## This 'N That

The slips for the Peoria Chiefs Baseball game went home this week. If you want the free ticket and tickets for your family you will need to send those in. Send no money to Grove. Spring Fling

### SPELLING:

Check your child's folder for a list of spelling and challenge words.

### MATH:

Chapter 7 math tests will be returned on Monday, May 5. We are now on Chapter 8. It focuses on fractions, addition & subtraction, and a review of counting money. Keep practicing addition and subtraction flashcards.

### SCIENCE:

Earth Day projects were a huge success. Students were well-informed of several different ways to

take care of the Earth.

## UPCOMING EVENTS

**May 9th**

**Beach Day**

**Bring your beach  
towels & flip flops**

**ALL BOOK ORDERS  
DUE**

**May 16**
