

Early Learning Supplies

The Illinois State Board of Education partially funds our programming through grants. Grant guidelines state that programs cannot post and request school supplies. Grant funds will supply teachers with basic supplies for the school year. Your child's teacher may post "wish lists" throughout the year and parents have the option to contribute if you are able.

Items that your child should have for school are:

1. Backpack
2. Extra set of clothes
3. Diapers/pulls up and wipes if your child is not yet toilet trained

If you are able or wish to contribute other basic school supplies such as washable markers, crayons, etc, feel free to make a donation to the classroom. However, no child will be without the necessary supplies to participate fully in our daily programming activities.
