Thank you to everyone who auditioned. The decisions were very difficult, and we hope this does not discourage anyone from the program.

For those cast, please meet very quickly after school on Friday, March 20th, to pick up scripts and possible contact information. This will not be a long meeting, so that people can catch buses as needed.

Also! If anyone who was not cast would like to be involved on stage (aka, not tech), *Macbeth* has the roles of Lords and Ladies! Basically, the director needs people to help in her scene! There are various partygoers who do not have any lines, and will have costumes. If you are interested, please drop by after school as well to talk to Kelly, and she will put you down as available. These roles would only really need to be added closer to the show date, which again is May 9th.
