

## 24-25 Kindergarten Registration NOW OPEN

Do you have an incoming kindergarten student? All **new AND existing** families with an incoming kindergarten student are asked to call the school office to start the registration process (309-557-4424). Once you have informed the office that you have a student to enroll, you will receive a registration email with a link to our online registration portal as well as other important registration information.

Our kindergarten preview day will be on March 6th this year. This is a time for your incoming kindergartner to have a peek at our wonderful school and a chance to meet the kindergarten team! We will have 15 minute slots available throughout the day. While your child visits with a kindergarten teacher and does a quick skills activity, we will have a brief form for you to fill out to tell us about your child, as well as a video to view about our kindergarten program. A link will be provided along with your registration email to sign up for a time to come in with your child on that day.
