Eagle Nation Families

The Illinois State Board of Education (ISBE) has released the annual Illinois Report Card which can be viewed [here](#). The Report Card contains school performance data from the 2022-2023 school year.

Schools are more than test scores. They are a home away from home for our students and staff. Our schools focus not only on academic success but also on mental health and social-emotional growth. We strive to foster strong bonds with families and community and to prepare our students to thrive in the next step in their educational journey.

You will see this year, the report card offers several data points, including the official Every Student Succeeds Act (ESSA) school designations. ESSA is the federal law that tasks individual states to create a plan to ensure every child is learning and on the path to college and career. This is a descriptor of how well our school is meeting the needs of all students, based on 10 measures, including student performance from prior school years. ISBE has identified our school to receive an [annual summative designation](#) of **Commendable**, based on meeting the needs of all students in all performance indicator areas. [Accountability indicators](#) include academics (math, ELA, science) and social quality/student success (climate survey, student attendance).

Our report card is an opportunity we welcome to celebrate our strengths and reflect on our goals. In Eagle Nation we believe every single student can achieve their highest potential and you are a critical partner in your child's education. When we all work together on behalf of our students, we can achieve more.

If you have any questions, please do not hesitate to contact us. Congratulations to our Eagle Nation students and families.

Sincerely,

Kimberly Martin-Boyd

Principal
