McLean County Unit District No. 5

1809 West Hovey Avenue

Normal, IL 61761-4339

Dear Parent/Guardian:

Welcome to the McLean County Unit District No. 5 Elementary Schools!

Our district is very pleased to present this comprehensive handbook for your use during the coming school year. All of our elementary principals have made a significant effort to provide for student transfers between buildings with a minimal degree of change. Although many daily procedures have been standardized, each school still maintains its own unique history, traditions, and school climate.

All handbook and school rules apply to all school-sponsored events, even those activities occurring off-campus. The handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the rules and policies. **Changes in State and federal laws may dictate amendments to sources identified in this handbook during the school year. Please see the Board's comprehensive policy manual on the District website <http://www.unit5.org/board/policies/> or at the Board office, located at 1809 West Hovey Avenue, Normal, Illinois for current information.**

If you have questions regarding any aspect of our elementary program, please feel free to contact your child's teacher or the building principal.

We pledge to make every effort to assure that your child has a meaningful and enjoyable education in our school district.

Sincerely,

Dr. Kristen Kendrick-Weikle
Superintendent

School Operations During a Pandemic or Other Health Emergency

(Updated: July 2020)

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.

5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Invitations & Gifts

Party invitations or gifts for classmates should not be brought to school to be distributed. Items such as these are of a personal nature and should be mailed home using the list in the school directory. The office is unable to release addresses and phone numbers of students who are not listed in the school directory.

Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and co-curricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact the Unit Office, 309.557.4400.

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for

imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Birthday Treats

Unit 5 believes that birthdays are special for children. As a school district, in order to promote a healthy school environment, birthday recognitions cannot include food items. The decision will be left up to each school as to how they would like to recognize a student's birthday, but it cannot include food items.

Section 2 - Attendance and Promotion

Attendance & Absences

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, have a religious reason requiring absence, or are 16 or older and employed and enrolled in a graduation incentive program.

Cross Reference:
Board Policy 7.70, *Attendance and Truancy*

Arrival and Dismissal Procedures

Students should plan to arrive at school **AFTER** 7:30 AM unless other arrangements have been made with the principal or students are participating in supervised activities. **There is no school supervision prior to 7:30 AM.** The opening bell rings at 7:40 and students are expected to be seated and ready to begin at 7:45. School is dismissed daily at 2:30 PM.

Leaving While School Is In Session

When a student needs to leave school early, parents/guardians should call the school or send a note indicating what time the child will be leaving. Students must be signed out in the office by a parent/guardian. If the student returns on the same day, he/she must be signed in by a parent/guardian in the office before returning to class.

Student Absences

There are two types of absences: excused and unexcused as defined below.

Excused Absences

Absences for the reasons listed below are considered “valid causes” and will be marked as an excused absence. Documentation or proof of the reason may be required from a professional source in some cases.

1. Illness or injury
2. Serious illness or death in the family
3. Medical or dental appointment (an appointment card or other verification from the doctor's or dentist's office may be required.)
4. Unavoidable accident or emergency
5. Observance of a religious holiday or event
6. Circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety
7. Court (subpoenaed as witness)
8. College Visit / Military Visit (with verification)
8. Attending a military honors funeral to sound “Taps” if the child is in grades 6 through 12
9. Military Family Absence *
10. Other situations beyond the control of the student as determined by the Board of Education in Board Policy 7.70

*A student will be excused for up to five (5) days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-supported postings. Students are responsible for obtaining assignments and ensuring assignment completion.

Unexcused Absences

All other absences are considered unexcused. Requests for excused absences for reasons other than those listed above should be made to the Board of Education. Unexcused absences include but are not limited to:

1. Truancy
2. Oversleeping
3. Missing the bus
4. Lack of ride to school
5. Private vehicle breakdown or failure to start
6. Working
7. Personal business
8. Participation in non-school sponsored activities
9. Vacation
10. Court (personal reasons)

Reporting Absences

Each day that a student is absent, his/her parent or guardian must call the school's Attendance Line before 7:45 a.m. to explain the reason for the absence. The attendance phone line is available 24 hours per day. If a call has not been made to the school by 9:45 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Board Policy 7.70, *Attendance and Truancy*

Tardiness

All students are expected to be in their classroom seats when school begins and again after their lunch/recess. Please do not inconvenience others or waste class time by arriving late. Students who are more than 5 minutes late must sign in at the office.

Truancy

A "truant" is a child who is subject to compulsory school attendance and who is absent without "valid cause" (see Excused Absences above) from such attendance for more than 1% but less than 5% of the past 180 school days. A "chronic or habitual truant" is a child who is subject to compulsory school attendance and who is absent without "valid cause" from such attendance for 5% or more of the previous 180 regular attendance days. A "truant minor" is a chronic truant to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs and other school and community resources have been provided and have failed to result in the cessation of chronic truancy, or have been offered and refused.

Truants will be offered support services and resources aimed at correcting the truancy issue. If truancy persists after support services and other resources are made available, the school will make a referral to a Truancy Outreach Specialist with the Regional Office of Education #17 using the ROE's online Request for Truancy Service form.

If truancy persists after a referral has been made to a Truancy Outreach Specialist with the Regional Office of Education #17 and the Truancy Outreach Specialist has provided all appropriate and available supportive services and other school resources to the student, then the school and district may take the following actions:

- Assign disciplinary consequences, provided the student is a chronic or habitual truant, and provided further that a student shall not be recommended for expulsion unless he or she has at least 15 unexcused absences;
- Refer the truancy issue to officials under the Juvenile Court Act;
- Refer the truancy issue to the School Resource Officer or municipality where the school is located to issue the person having custody or control of the truant, chronic truant, or truant minor a citation, provided the school certifies at the time of the referral it has met its obligations with respect to meetings regarding homeless students and students with or believed to have a disability.

The required procedure of notifying the Regional Office of Education with an initial truancy petition will take place on the sixth offense and a chronic truancy petition will be filed when the student has been truant 5% of the last 180 consecutive school days.

Chronic or habitual truants will be deemed to have withdrawn from enrollment after 15 consecutive unexcused absences, absent notice of exigent circumstances. In addition, students who have notified the main office of an anticipated absence

of 15 consecutive school days or longer without valid cause (e.g. traveling or visiting family out-of-town for an extended period of time), will be deemed to have voluntarily withdrawn from enrollment. Students withdrawn from enrollment may re-enroll following the District's normal registration process at any time.

Prearranged Absences

Any time that students know in advance that they will be absent from school due to family vacation, required court appearance, or unavoidable circumstances not considered as excused, the parent or guardian must contact the school office to request a Prearranged Absence. Please note that prearranging an absence does not excuse absences that would otherwise be unexcused.

Parent/Guardian Role

According to the Illinois School Code, it is the parent's responsibility to see that his/her child is in regular school attendance. This includes arriving to school on time. Article 26 of the School Code recognizes the following reasons as valid cause for missing school: (a) illness; (b) death in the immediate family; (c) other absences determined by the Board of Education; (d) circumstances which cause reasonable concern to the parent for the safety or health of the student. Absences other than those stated above will be considered unexcused. Those include (a) keeping a child home to baby-sit; (b) helping a parent at home (especially the day before a holiday); (c) going shopping; (d) vacation, visiting friends or relatives; and/or (e) participating in a community sponsored activity such as gymnastics, a play, or church related programs. This is not all-inclusive. Any exceptions to the list will be considered by the administration.

Falsification of Attendance Information

Accurate attendance information is required by the State of Illinois and is important to ensuring student safety. Students may not falsify, or contribute to falsification of, attendance information through either written or telephone means. Violators of this provision will be subject to a detention or suspension from school.

Chronic Absenteeism

Therefore, during the school year, the school will be requesting medical documentation once a student has missed over 5% of the current school year (unless doctor notes have already been received) and a parent will be required to come in during school hours for a conference. The conference will be held with the school nurse and the student's counselor. The purpose will be to discuss the reasons for those absences.

Student attendance at school is a large factor in the success students experience at school. The early years are a critical period in children's learning and development. Every child should be counted present every day. Every day of school matters. Being absent too many days from school can make it difficult for students to stay on-track academically and maintain the momentum to graduate from high school in order to be college-or career-ready. Every day of school attendance matters for all students and their families. It is crucial, therefore, that the implications of chronic absence be understood and reviewed regularly.

“Chronic absence” means absences that total 10% or more of school days of the most recent academic school year, including absences with (excused) and without (unexcused) a “valid cause” and out-of-school suspensions for an enrolled student.

“Student” means any enrolled student that is subject to compulsory attendance but does not mean a student for whom a documented homebound or hospital record is on file during the student's absence from school.

The District will follow its diagnostic procedures in Board Policy 7.70 for identifying the cause(s) of a student’s chronic absenteeism, including requesting documentation for absences and interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information about the reasons for the student’s attendance problem. .

Withdrawal from School

Parents must notify the principal of their student's intent to withdraw. On the student's last day of attendance he/she must report to the office before school. After all financial obligations have been met, he/she will be eligible for a refund of the unused portion of Book Rental charges. The student's records will be forwarded as soon as the office receives written authorization for the records to be released.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student’s parent/guardian must give written notice to the building principal at least 5 calendar days before the student’s anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Emergency School Closings

When it is necessary for school to dismiss early or be canceled, verification will be given to the news media, as well as by a school message system, so parents will know when to expect their children home. School may be dismissed early due to weather (such as snow or excessive heat), on Staff Development Days or on other special days as determined by the Board of Education.

The decision to dismiss early due to inclement weather is made prior to 11:00 AM and the media will be notified at that time. It is best to tune in one of the local radio stations if you suspect that early dismissal is a possibility. This information will also be available on the District’s website, www.unit5.org. Please do not call the school or Unit Office for this information.

Please arrange with your children what they are to do in case of early dismissal. It is difficult for last minute arrangements to be made for students.

All school functions are canceled when school is dismissed early.

Grading & Promotion

School report cards are issued to students at the end of the year. Student performance is available through the online portal at any time. Progress reports are available the end of October and February. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

Make up Work, Advance Assignments, and Picking up Assignments

A parent/guardian may phone the school before 9:15 AM to pick up assignments and books in the office after school that same day. Requests made after 9:15 AM may be picked up the following day after school. Arrangements also may be made to send work home with a sibling or a friend.

All assignments and tests missed due to absences must be made up, regardless of the reason for the absence. A student that has an excused absence will generally be allowed twice the number of days absent to turn in assignments. However, a student may be required to take previously announced tests on the day he or she returns to school.

Parents must contact the school if it is known in advance that there will be an absence from school for an extended time due to family obligations or other unavoidable reasons. Requests for assignments may be made no more than one week before the absence. In general, assignments are available for only one week at a time. All advanced assignments are expected to be turned in on the day of the student's return to school. Students should also check for additional missed work when they return. Although written materials can be worked on away from school, much of classroom instruction involves discussions, demonstration, and "hands on" activities. These instructional methods are a vital part of the learning process and cannot be duplicated away from school.

Home and Hospital Instruction

A student who is absent or whose physician, physician assistant, or licensed advance practice registered nurse anticipates his or her absence from school for an extended period of time or on an intermittent basis because of a medical condition, may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

For information on home or hospital instruction, contact the Principal's office.

Section 3 - Student Fees

Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met: The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or

1. The student or student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal to a student who requests one, regardless of whether the student has the ability to pay for the meal or owes money for earlier meals. Students may not be provided with an alternative meal and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay or owes money for a meal.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the Building Principal will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the Building Principal.

Section 4 - Transportation and Parking

Bus Transportation

The district provides free bus transportation to and from school for all students living 1.5 miles or more from his or her assigned school, unless the Board has certified to the Illinois State Board of Education that adequate public transportation is available, or within one and one-half miles from his or her assigned school where walking to school or to a pick-up point or bus stop would constitute a serious hazard due to vehicular traffic or rail crossing, and adequate public transportation is not available. A student's parents/guardians may file a petition with the Board requesting transportation due to the existence of a serious safety hazard.

Free transportation services and vehicle adaptation for a special education student if included in the student's individualized educational program. Non-public school students shall be transported in accordance with State law. Homeless students shall be transported in accordance with the McKinney Homeless Assistance Act.

A list of bus stops will be published at the beginning of the school year. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the Building Principal.

For questions regarding school transportation issues, contact the transportation call center at 309.557.4287 (557-4BUS).

Bus Assignment

- All bus riders must ride their assigned bus to and from school.
- Bus riders must get on and off the bus at their assigned loading point unless there is written permission from their parents or the Transportation Department.
- Bus riders having a friend ride the bus to or from school must have written permission from their parents or the Transportation Department.

Bus Service

- The driver's primary responsibility is to the road conditions and traffic for the safety of transporting the students. When the driver's attention is distracted by misconduct, everyone is put in jeopardy.
- The driver is not required to wait at any loading point; therefore, be ready to board the bus five (5) minutes ahead of your designated stop time.
- Bus service will be available if inclement weather causes early dismissal. See information under Section 2 – Attendance and Promotion "Emergency School Closings".

Bus Conduct

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the Building Principal.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

Prohibited Bus Conduct

Gross disobedience or misconduct providing grounds for suspension from riding the school bus include:

1. Prohibited student conduct as defined in Board Policy 7.190, *Student Behavior*.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of the bus driver's or other supervisor's directives.
6. Such other behavior as the administration deems to threaten the safe operation of the bus and/or its occupants.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

- Choose a seat and sit in it immediately upon entering the bus.
- Do not stand in the entrance or in the aisle.
- Do not move from one seat to another while on the bus.
- Keep all parts of the body and all objects inside the bus.
- Loud conversation, singing, boisterous conduct, unnecessary noise or profanity is not allowed.
- Enter and exit the bus only when the bus is fully stopped.
- All school rules apply while on the bus, at a bus stop, or waiting for the bus.
- Use emergency door only in an emergency.
- In the event of emergency, stay on the bus and await instructions from the bus driver.
- Good behavior and behavior that will not distract the bus driver from operating the bus safely is required.
- Crowding, pushing, scuffling, and other needless commotion are grounds for disciplinary action.
- Do not open windows.
- Keep the bus neat and clean.
- Athletic footwear equipped with cleats or spikes are not allowed on the bus.
- Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.

- Be waiting at your bus stop on time.
- Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.
- Keep book bags, books, packages, coats, and other objects out of the aisles.
- Keep all body parts clear of the aisles when seated.
- Eating is not permitted on the bus.
- Parents will be liable for any defacing or damage students do to the bus.
- Instructions for crossing the road must be followed to the smallest detail at all times.
- Cross at least ten feet in front of the bus and then cross the street when the driver signals.
- While unloading, allow the closest to the front off first.
- Move away from the bus door quickly after unloading. Stay clear of the rear wheels.
- Never walk behind the bus.
- No headphones, food, drink, or candy.
- No talking when the bus comes to a railroad crossing, so the driver can hear any approaching trains.
- Do not talk to the driver unless it is an emergency.

Students may be suspended from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct. If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the superintendent may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Bus Discipline

The driver may report students who refuse to follow the bus behavior rules or maintain appropriate behavior to the school office for disciplinary action.

Generally, the following procedures will be used in disciplining a rider:

- **On the first offense**, the Building Principal will meet with the student to address the reported incident. This may include a reprimand for inappropriate behavior and may result in a detention. A copy of the bus report may be taken home by the student to be signed by the parent and returned the next day.
- **On the second offense**, the Building Principal will meet with the student to address the reported incident. The student may be assigned up to three days of detention. A copy of the bus report will be sent home.
- **On the third offense**, the Building Principal will meet with the student to address the reported incident and the parents will be telephoned. The result of this telephone conference may be suspension from riding the bus for up to 3 days. A copy of the bus report will be sent home.
- **On the fourth offense**, the Building Principal will meet with the student to address the reported incident and the parents will be telephoned. The parents may be required to come to the school office for a conference. The student may be suspended from the bus for up to 5 days. A copy of the bus report will be given to the parents.
- **On the fifth offense**, the Building Principal will meet with the student to address the reported incident, and the parents telephoned. The student may be suspended from the bus for up to ten days. A copy of the bus report will be sent to the parents.

Any further reports may result in an immediate bus suspension and referral to the superintendent for possible suspension from the bus for the remainder of the school year. Bus riding is a privilege that may be revoked.

Private Transportation

Students may accept private transportation to or from school only as arranged by their custodial parents. Parents may call the office regarding transportation arrangements with anyone other than an appropriate family member or a Unit 5 school bus.

Use of Video Cameras on School Buses

Video cameras may be used on school buses as necessary in order to monitor conduct and maintain a safe environment for students and employees. The content of the videotapes are student records and are subject to District policy and procedure concerning school student records. Only those people with a legitimate educational or administrative purpose may view the videotapes. In most instances, individuals with a legitimate educational or administrative purpose will be the Superintendent, Principal, transportation director, bus driver, and sponsor, coach, or other supervisor. If the content of a videotape becomes the subject of a student disciplinary hearing, it will be treated like other evidence in the proceeding.

Bicycles

Bicycles may be parked in the bicycle racks located at the school. Bicycles should always be locked when unattended.

Ride safely by observing the following practices:

- Obey all traffic signs and regulations.
- Stay to the right.
- Ride single file.
- Yield to motor vehicles and pedestrians.
- Signal your intentions.
- Do not ride near vehicles parked in the parking lot.

Pedestrians

Students are expected to use sidewalks wherever available and to observe safety precautions when crossing streets.

Transportation for School Activities

Students must utilize school transportation to and from all school activities for which transportation is provided. For these events, parents of the student may transport their student only if specific arrangements are made in advance with the activity sponsor. Transportation may not be provided in some instances. These instances would include, but not be limited to: practices, athletic contests, music events or club activities held within the Bloomington-Normal area when it is deemed more practical for the students to meet the coach or sponsor at the site. In these cases it will be the responsibility of the parent to arrange safe transportation.

Parking

The school has many locations available for school visitor parking.

Those dropping off and picking up children may do so in the drop off lane location during the following hours: 7:30 AM until 7:40 AM and after 2:25 PM.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Section 5 - Health and Safety

Immunization, Health, Eye and Dental Examinations

School Nurse

The primary function of the school nurse is to promote student health and safety and maintain student records. All elementary Certified School Nurses are assigned to multiple schools. If a student becomes ill or injured at school when the nurse is not present, another school official will provide care. Please contact the school nurse at your child's school any time you have questions or concerns.

This handbook is not intended to be all inclusive. Students will be excluded from school for any health condition that in the professional, clinical judgment of the Certified School Nurse places that student or others in the school community at a health or safety risk. Certified School Nurses utilize Evidence Based Practice and collaboration with health care professionals and organizations to make decisions best for the students and school community.

Health Information

Health information gathered through screening registration forms, physical exams, oral/written communication by a health care provider or parent/guardian may be shared by the certified school nurse with those individuals (i.e. teachers or other school personnel) who have an educational interest in enhancing the health and safety of the student. This information may be shared via written or electronic communication or by direct personal contact. If you do not wish this information to be shared, please send a written request to the school office by the end of the first week of attendance.

Emergency Numbers

Emergency information will be maintained for all students and should be filled out during the registration process. It is important to have the name and phone number of a person other than the parent/guardian to call in case of a school emergency when parents cannot be reached. Please contact your school office if any changes in this emergency information occur during the school year.

Illness or Accidents at School

All accidents and illnesses which occur at school or at a school function are to be reported to the office. If they are considered serious or if the accident or illness remains in question to the school nurse or office staff, parents will be notified.

The Illinois General Assembly does not require school districts to carry student accident insurance. If a student is injured at school or during a school activity, the parent/guardian's health insurance company should be contacted for coverage.

Additionally, the State of Illinois All Kids health insurance program is available to all children in the state regardless of income level. This program provides health insurance for children, which includes accident insurance. Information about the All Kids program can be found at:

www.illinois.gov/hfs/medicalprograms/allkids

Student Concussions and Head Injuries

If a student sustains a physician-diagnosed concussion, either during school hours or outside of school, parents are requested to notify the school. If a student's parent/guardian is requesting academic accommodations after a concussion, the Unit 5 Concussion Staging Form must be completed by the student's physician (elementary, junior high, high school) or athletic trainer (high school only) and submitted to the school nurse.

A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with the Unit 5 Concussion Staging Document, signed by the student, the student's parent/guardian, and the student's physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

School Insurance

A low cost accident policy is offered to all students. While the schools have no obligation in case of an accident, the District is glad to cooperate with the agency and offer this limited, yet liberal policy for your consideration. Briefly, students may be insured for the school year for the accidents, which occur while engaged in any school-sponsored activity or between home and school. Enrollment information and claim forms for the collection of insurance payments due to accidents may be obtained in the school offices.

Physicals and Immunizations

Illinois law requires that all students entering an early childhood program, kindergarten, sixth, or ninth grades, or transferring from out of state, have a physical examination within one calendar year *prior* to the date of entry. The examination must include a complete immunization record and medical history. Students transferring from another Illinois school must present copies of their current Illinois health records.

Section 27-8.1 of the Illinois School Code states: "If a child does not comply...then the local school authority **shall exclude that child from school** until such time as the child presents proof of having had either the health examination or those required immunizations which are medically possible to receive immediately."

All students entering ECE, Pre-K, Kindergarten, 6th grade, and 9th grade must submit a current physical exam and complete immunization record by the FIRST DAY OF SCHOOL. Children without physicals and immunizations will NOT be allowed to start school until the school nurse receives the records. NO appointment cards will be accepted.

I understand that if my student will be entering a pre-kindergarten program (for the first time), kindergarten, sixth, or ninth grade, that I must show proof that (s)he has received a new physical exam on the IL-DHS physical exam form BEFORE THE FIRST DAY OF SCHOOL. *Sports physicals are NOT accepted for this requirement.* Immunizations are *also* required BEFORE THE FIRST DAY OF SCHOOL for several grades; click on the link below or check with your health care provider for details. http://www.isbe.net/pdf/school_health/immunization-requirements.pdf. It is strongly recommended that you turn in these requirements by the walk in registration date each year either in person or by mailing it to the school.

Parents or guardians who object to health examination or immunizations on religious grounds must present an Illinois Certificate of Religious Exemption to Required Immunizations and/or Examinations Form found at: <http://www.dph.illinois.gov/sites/default/files/forms/religious-exemption-form-081815-040816.pdf>. The form must be signed by the child's parent or legal guardian, **AND** the child's health care provider responsible for performing the child's health examination. If a child cannot be fully immunized because of health reasons (medical contraindication), the physician must state this fact on the health examination certificate.

In the event of a diagnosed case of a communicable disease the school nurse will consult with the McLean County Health Department to determine the need to exclude students not protected by immunizations, utilizing the most current Illinois Department Public Health Rules and Regulations.

The following immunizations are required by the State of Illinois for children in grades Pre-K through 12. The specific requirements for each are determined in Section 665.240 (Basic Immunization) and Section 665.250 (Proof of Immunity) of Title 77 of the Illinois Administrative Code.

1. DPT/DTap/Tdap
2. OPV/IPV
3. Measles/Mumps/Rubells (MMR)
4. Varicella
5. Hepatitis B (required for early learning programs and 6th grades and up)
6. Hib (required for early learning programs)
7. Pneumococcal (required for early learning programs)
8. Meningococcal (required for 6th-8th grades and 12th grade)

Dental Exams

Public Act 93-946 requires all Illinois children in **kindergarten, second and sixth grades** to have an oral health exam. Each child shall present proof of exam by a dentist prior to **May 15** of the school year.

Vision Exams

Illinois law requires all children in **kindergarten** or **enrolling for the first time in an Illinois school** to have an eye examination completed by an eye doctor. Each child shall present proof of exam by an eye doctor prior to the first day of the school year.

Exemptions

A student will be exempted from the above requirements for:

1. Religious grounds if the student's parent/guardian presents to the building principal; an Illinois Certificate of Religious Exemption to Required Immunizations and/or Examinations Form found at:

<http://www.dph.illinois.gov/sites/default/files/forms/religious-exemption-form-081815-040816.pdf>. The form must be signed by the child's parent or legal guardian, **AND** the child's health care provider responsible for performing the child's health examination.

2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
4. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Board Policy 7.100, *Health, Eye and, Dental Examinations; Immunizations; and Exclusion of Students*

Vision and Hearing Screenings

Vision and hearing screenings will be conducted at state-mandated grade levels. Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo the mandated vision screening. If a report of an eye examination within the last 12 months by an optometrist is on file at the school. The vision examination report must be completed and signed by the optometrist. This section of the student handbook constitutes notice to parents and guardians of students in the grades mandated for vision and hearing screenings. Vision and hearing screenings will be conducted for all students in the mandated grades unless the parent provides a written request that the student not be screened, or, in the case of vision screening, provides a current eye examination report.

Communicable Diseases

For everyone's protection, sick children must be at home, not at school. When reporting the student's absence, please report the reason for the child's absence. The school needs to be informed of any student having a special health problem or communicable disease. Children with the following conditions should not be in school:

- A fever within the last 24 hours of 100° F or higher
- Vomiting or diarrhea within the last 24 hours
- A frequent or disruptive cough or other signs of an acute respiratory infection
- Any contagious illness such as "strep throat" that requires antibiotic therapy. Once a student has been fever free without use of fever-reducing medications and on antibiotics for at least 24 hours, he/she may return to school.
- Any undiagnosed skin rash. A student with a rash may attend school upon presenting a physician's note stating the rash is not contagious.
- Pronounced lethargy or fatigue that interferes with participation in learning activities.

Care of Students with Chronic Health Conditions

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses like Diabetes of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, State statutes, federal regulations and State rules.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

It is the parent/guardian's responsibility to inform the School Nurse or Building Principal of their child's health concern, including diabetes, asthma, food allergy, and seizures. The School Nurse will then work with the family, the student, the student's physician and the classroom teacher to develop a Plan of Action. It is the parent's responsibility to ensure that The Plan and all medication and procedure forms (if needed) are completed and signed by the physician and parent before they will be implemented. Please contact your School Nurse for further information.

Treats and Snacks

Due to health concerns, allergies and scheduling, snacks for any occasion must be arranged in advance with the classroom teacher. All snacks must be store bought. No homemade snacks are allowed at school. Snacks are not to require refrigeration and must have a clearly printed label. We strongly encourage you to select a snack with nutritional value, such as fresh fruits and vegetables.

Birthday recognitions cannot include food items. The decision will be left up to each school as to how they would like to recognize a student's birthday, but it cannot include food items.

Head Lice

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of an active infestation. Infested children are prohibited from riding the bus to school until the child has been cleared by the school nurse.

Physical Education Participation

Students who have restrictions for participation in physical education due to medical prohibitions beyond three days must present documentation from the physician, signed and dated, stating the restriction and length of time it is to be in effect. A parent note is sufficient for 3 days of exemption from PE.

An excuse may also be based on religious prohibitions. An excuse based on religious reasons must include a signed statement from a member of the clergy the corroborates the religious reason for the request.

Medication at School

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian and healthcare provider with prescriptive authority must complete a *School Medication Authorization Form* requesting that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

Except when the school nurse or trained personnel, as defined by State law, administers an undesignated epinephrine injector, e.g.: EpiPen®, an opioid antagonist, undesignated asthma medication, or undesignated glucagon to a person that the school nurse or trained personnel in good faith professionally believes is having an anaphylactic reaction, an opioid related overdose, respiratory distress, or life-threatening low blood sugar under a standing protocol from a licensed physician, no District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form* is submitted by the student's parent/guardian. Teachers and other non-administrative school employees, except nurses, shall not be required to administer medication to students. However, provided a *School Medication Authorization Form* has been completed and signed by the student's parent/guardian and healthcare provider with prescriptive authority, teachers and other non-administrative school employees may dispense medication to students, administer medication to students, or supervise a student's self-administration of prescription or non-prescription medication as provided in Board Policy 7.270; and coaches and sponsors of school-related activities may be required to dispense and supervise a student's self-administration of medication.

No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in Board Policy 7.270 and its implementing procedures.

Nothing shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector and/or asthma medication prescribed for use at the student's discretion. A student may self-administer other medication, including medication required under a qualifying plan, dispensed by a delegated school employee, provided the student's parent/guardian and healthcare provider with prescriptive authority has completed and signed a *School Medication Authorization Form*. A student's self-administration of medication other than an epinephrine injector or asthma medication must be under the direct supervision of a delegated school employee. A qualifying plan means: (1) an asthma action plan; (2) an Individual Health Care Action Plan; (3) an Illinois Food Allergy Emergency Action Plan and Treatment Authorization Form; (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973; or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication, epinephrine injector, or medication required under a

qualifying plan, or the storage of any medication by school personnel. A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of asthma medication, an epinephrine injector, opioid antagonist, and/or medication, or the storage of any medication by school personnel.

School District Supply of Undesignated Asthma Medication

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated asthma medication in the name of the District and provide or administer them as necessary according to State law. Undesignated asthma medication means an asthma medication prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated asthma medication to a person when they, in good faith, believe a person is having respiratory distress. Respiratory distress may be characterized as mild-to-moderate or severe. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

District Supply of Undesignated Epinephrine Injectors

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) of the School Code and maintain a supply of undesignated epinephrine injectors in the name of the District and provide or administer them as necessary according to State law. Undesignated epinephrine injector means an epinephrine injector prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine injector to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

District Supply of Undesignated Opioid Antagonists

The Superintendent or designee shall implement Section 22-30(f) of the School Code and maintain a supply of undesignated opioid antagonists in the name of the District and provide or administer them as necessary according to State law. Opioid antagonist means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. Undesignated opioid antagonist is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated opioid antagonist to a person when they, in good faith, believe a person is having an opioid overdose. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. See the website for the Ill. Dept. of Human Services for information about opioid prevention, abuse, public awareness, and a toll-free number to provide information and referral services for persons with questions concerning substance abuse treatment.

School District Supply of Undesignated Glucagon

The Superintendent or designee shall implement 105 ILCS 145/27 and maintain a supply of undesignated glucagon in the name of the District in accordance with manufacturer's instructions.

When a student's prescribed glucagon is not available or has expired, a school nurse or delegated care aide may administer undesignated glucagon only if he or she is authorized to do so by a student's diabetes care plan.

Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a parent/guardian of a student who is a minor or any other individual who is at least 21 years of age to register with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer a medical cannabis infused product to a student.

A designated caregiver is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:

1. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
2. Copies of the registry identification cards are provided to the District; and
3. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*, specifying the times where or the special circumstances under which the medical cannabis infused product must be administered.

After administering the product to the student, the designated caregiver shall immediately remove it from school premises or the school bus. The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students.

State law does not require school personnel to administer medical cannabis to students. Trained school nurses and administrators are allowed, but not required, to administer a medical cannabis infused product to a student who is a registered qualifying patient. Prior to the administration of a medical cannabis infused product under subsection, a school nurse or school administrator must annually complete training curriculum developed by the State Board of Education, in consultation with the Department of Public Health, on the administration of medical cannabis infused products and must submit to the school's administration proof of its completion.

A trained school nurse or administrator is allowed to administer a medical cannabis infused product to a child who is a student while on school premises, at a school-sponsored activity, or before or after normal school activities, including while the student is in before-school or after-school care on school-operated property or while the student is being transported on a school bus if:

1. The student possesses a valid registry identification card issued by IDPH;
2. A copy of the registry identification card is provided to the District; and
3. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*, specifying the times where or the special circumstances under which the medical cannabis infused product must be administered.

The written authorization and a copy of the registry identification card(s) must be kept on file in the office of the school nurse. Medical cannabis infused products must be stored with the school nurse at all times in a manner consistent with storage of other student medication at the school and may be accessible only by the school nurse or a school administrator.

Medical cannabis infused product includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

Discipline of a student for being administered a product by a designated caregiver pursuant to this Board Policy 7.270 is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Void Policy

The School District Supply of Undesignated Asthma Medication section of Board Policy 7.270 and this Handbook is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated asthma medication from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school asthma medication.

This School District Supply of Undesignated Epinephrine Injectors section of Board Policy 7.270 and this Handbook is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated epinephrine injectors from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school epinephrine injectors.

The School District Supply of Undesignated Glucagon section of Board Policy 7.270 and this Handbook is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for glucagon from a qualifying prescriber; or (2) fill the District's prescription for undesignated school glucagon.

The Administration of Medical Cannabis section of Board Policy 7.270 and this Handbook is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding.

Administration of Undesignated Medication

Upon any administration of an undesignated medication permitted by State law, the Superintendent or designee(s) will ensure all notifications required by State law and administrative procedures occur.

Disclaimers

Upon implementation of Board Policy 7.270, the protections from liability and hold harmless provisions applicable under State law apply.

No one, including without limitation parent(s)/guardian(s) of students, should rely on the District for the availability of undesignated medications. Board Policy 7.270 and this Handbook do not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medications.

Building Security

For the safety of our students, Unit 5 has adopted a closed-building concept. All exterior doors are locked.

All visitors to the building are required to check into the office to report their purpose for being in the school. Visitors will be given an appropriate ID Badge to wear during their stay. We encourage everyone to cooperate in providing a safe learning environment for the children.

Section 6 - Discipline and Conduct

General Building Conduct

Students enrolled in the Unit 5 schools shall conduct themselves in a mature manner, acting with due regard for the supervisory authority vested by the Board of Education in district employees. Good self-discipline is positive and encourages the student to exercise his/her individual rights, within established guidelines, and to respect the rights and welfare of others.

Education proceeds effectively with appropriate and consistent discipline. Teachers and other certified employees shall maintain discipline in the schools. In all matters relating to the conduct and discipline of the students, they stand in the relationship of parents and guardians to the students. They shall exercise such control over students as would be exercised by a kind, firm, and judicious parent. This relationship shall extend to all activities connected with the school program and may be exercised at any time for the safety and supervision of the students.

When a certified employee acts to help a student conduct himself properly, emphasis shall be placed upon the growth of the student toward self-discipline. A progressive form of discipline, tempered by the conditions and circumstances of the offense, shall be followed. Unit 5 does not permit the use of corporal punishment as a means of disciplining students. A teacher is granted the right to remove a student from the classroom for disruptive behavior. Physical contact or restraint may be appropriate when a teacher or other supervisor is required to employ it in self-defense, for the safety of students, or to help maintain control. In all instances necessitating disciplinary action, due process will be afforded the student as outlined in the Illinois School Code, 105 ILCS 5/10-22.6.

Any student who is disobedient or insubordinate or who gives evidence of inappropriate behavior may be suspended, not to exceed ten days, by the Principal. Such suspension will be reported immediately to the Superintendent and the student's parents or guardians, along with a full statement of the reasons for such suspension. The parents or guardians of the suspended student shall be informed of the due process procedures and of their right to have a review of the suspension by the Board of Education. The Principal shall inform the Superintendent if the parents or guardians wish to request or waive the review.

A student may be expelled only by the Board of Education on recommendation of the Superintendent for gross disobedience or misconduct. Expulsion shall take place only after the parents or guardians have been requested to appear at a meeting with the hearing officer to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place, and purpose of the meeting. If the Board's decision is to expel the student, the reasons for dismissal and the date on which the expulsion is to become effective will be stated.

School personnel may order the removal of a child with a disability (IEP) from the child's current placement for not more than ten consecutive school days for any violation of school rules, and additional removal, of not more than ten consecutive school days in the same school year for separate incidents of misconduct. The parents or guardians of the special education student are afforded all rights and privileges to have a hearing pertaining to either the decision about the relationship of the behavior to the suspension and expulsion itself.

The discipline policy of Unit 5 has been formulated by the Board with input from teachers, parents, and administrators. The policy is subject to an annual review.

Student Behavior Philosophy

In support of our mission to educate each student to achieve personal excellence, the District will endeavor to

(1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free and drug free learning environment; (3) keep school property and the property of other secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students

positive behavioral skills to become independent, self-disciplined citizens in the school community and society. It is the shared responsibility of schools, families and communities to achieve this by teaching, recognizing and reinforcing appropriate behavior.

To the greatest extent possible the District will use positive behavior management strategies to encourage all students to maintain personal conduct consistent with District expectations, avoiding any cause for disciplinary action.

Students are accountable for conducting themselves within the parameters of District expectations and for complying with reasonable corrective actions imposed for violations. When violations occur, incidents will be investigated thoroughly to determine appropriate disciplinary action, intervention and/or supports. Discipline will be administered in a fair and equitable, but not necessarily equal, manner in consideration of individual circumstances.

Parent/guardian are encouraged to review District expectations with their student(s) at the beginning of each school year. A student handbook, which includes the District's discipline philosophy, and school rules, shall be distributed to students within 15 days of the beginning of the school year or the first day of a student's attendance.

21. Engaging in any activity, on or off campus, that: interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations where the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions, supports and progressive discipline, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose a disciplinary consequence.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures may include, without limitation, any of the following:

1. Notifying parent/guardian.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension in accordance with Board policy 7.200, *Suspension Procedures*. The Building Principal or designee shall ensure that the student is properly supervised.
7. Detention provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.

8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, education, environmental, or public safety needs. The District will not provide transportation. School administration may use this option as an alternative to another disciplinary measure giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this handbook or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7.220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7.200, *Suspension Procedures*. A student who has been suspended is prohibited from being on school grounds and at school activities during the period of the suspension.
12. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board Policy 7.210, *Expulsion Procedures*. A student who has been expelled is prohibited from being on school grounds and at school activities during the period of the expulsion.
13. Transfer to an alternative program if the student is expelled or otherwise qualified for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and/or expulsion will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension and/or expulsion. In addition to the above list of disciplinary measures, juvenile authorities or other law enforcement may be notified whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), “look-alikes”, alcohol, or weapons, or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons

A student, who uses, possesses, controls, or transfers one of the following weapons at school, on school grounds, on a school bus, at any school-sponsored activity or event, or at any activity or event that bears a reasonable relationship to school, shall be expelled for at least one calendar year but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, a weapon as defined by Section 921 of Title 18, United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1);
2. Ammunition;
3. A knife with a blade of at least 3 inches, switchblade knife, ballistic knife, billy club, brass knuckles, other knuckle weapon regardless of its composition, or any object listed in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1);
4. A look-alike firearm; or
5. Any other object if used or attempted to be used to cause bodily harm.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent or designee, and the Superintendent's or designee's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Students should report suspected possession or use of such items to any counselor, teacher, or administrator. Arrangements to bring such items to school for classroom demonstrations must be made in advance with one of the building administrators.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office or the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1,000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other licensed educational employees and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Associate Building Principal, Assistant Building Principal or School Administration manager (SAM) is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 days for safety reasons.

Student Handbook

The Superintendent or designee, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District's student disciplinary philosophy, disciplinary policies and rules, shall be distributed to the students' parent/guardian within 15 days of the beginning of the school year or a student's enrollment.

Fighting

Fighting presents a substantial threat to both personal safety and reasonable order within the school and will not be tolerated. A fight will be defined as "two or more individuals involved in aggressive physical contact with one another." Students need to avoid a physical confrontation at all costs. If this situation is present, students must walk away and report to an adult immediately. Students involved in a first incident of fighting will be subject to suspension from school. Fights may be reported to appropriate law enforcement agencies. Subsequent incidents will result in a suspension of up to ten days and a possible recommendation for expulsion from school.

Vandalism/Damage to Property or Loss of School Property

Students will be held responsible for damaging or defacing school property or the property of others in any way. Students will be held responsible for the loss of school property. Students will pay appropriate restitution for the repair, clean up, or replacement of affected property and will be subject to other disciplinary action as deemed appropriate by the school administration. In the case of vandalism or damage of property, the offender may be reported to appropriate law enforcement agencies.

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school sponsored or school sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

4. Through the transmission of information from a computer that is accessed at a non-school related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the District or school if the bullying causes a substantial disruption to the education process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non-school related activity, function, or program.

Definitions from Section 27-23.7 of the School Code (105 ILCS 5/27-23.7)

Bullying includes *cyber-bullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the district's goal of providing all students with a safe learning environment free of bullying and harassment. 3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, District Complaint Manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District Complaint Manager or any staff member. Anonymous reports are also accepted.

However, knowingly making a false accusation or providing knowingly false information will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.

Section 7 - Internet, Technology, Publications

Internet Acceptable Use

Introduction

Electronic information resources which include, but are not limited to student email, the Internet, desktop computers, laptops, and other network files or accounts are available to students of the District. It is the goal of the District to provide current technology in communications and electronic services to all students in order to promote education, efficiency, information sharing, and a cooperative and an innovative environment.

Scope

The smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines, rules and regulations. Such are provided so that users are aware of the responsibilities they are about to accept. In general, users' responsibilities necessitate efficient, ethical, and legal utilization of the network, computer resources, student email, and other technology resources. Internet access is coordinated through a complex association of government agencies as well as regional and State networks. Worldwide access to computers and people may involve the availability of materials considered to be inappropriate, illegal, or of no professional or educational value. On a global network it is virtually impossible to control all materials. However, through a filtering and monitoring system, the District has taken precautions to restrict access to inappropriate materials and protect its users. Users who access, transmit, or store inappropriate material or who take action that violates the Student Acceptable Use of Electronic Networks procedure are subject to disciplinary or legal action.

Additionally, it is understood that students who publish personal web pages outside the district that may be accessed by District computers must also abide the same standards of appropriate content that all District hosted web pages must maintain. Sites found to be in violation of this will be blocked administratively and appropriate action taken to ensure the removal of dangerous or libelous content hosted by outside web resource providers. Further, the administration reserves the right for further and appropriate action in situations where student personal web pages and or/sites exist that violate the spirit of this procedure.

Parental Involvement (Title I)

Schools that are eligible for Title I services have an annual meeting for all parents/guardians.

At the meeting, the school will discuss parental involvement, and opportunities for Parents/Guardians to get involved in the education of their children. Parents/Guardians are encouraged to attend the meeting and participate in the discussions that occur. Parents/Guardians should use the meeting as an opportunity to ask questions, make suggestions, and learn about all of the opportunities and programming available for Parents/Guardians to be fully involved in the educational process.

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/Guardians will be given notice of meeting availability at the beginning of each year, and at least two weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/Guardians are encouraged to inquire about available meeting times, and to work with teachers. Parents/Guardians will be involved in an organized and timely way when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

If you have any questions, please contact the parent liaison for Title I services at the unit office, 309.557.4400

The school provides Parents/Guardians with access to:

1. School performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results;
2. A description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet;
3. Opportunities for regular meetings to formulate suggestions, share experiences with other Parents/Guardians, and participate as appropriate in decisions relating to the education of their children if such Parents/Guardians so desire; and
4. Timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the State, the federal government and ourselves.

In order to better assist in educating the students, we need the help of all parents and guardians. We ask that you help us educate children by monitoring attendance, homework completion, and television watching; by volunteering in your child's classroom; and participating, as appropriate, in decisions relating to the education of children and positive use of extracurricular time.

The school endeavors to do its best to provide all information in the language best understood by parents and guardians. Questions about language alternatives should be directed to Title I District Coordinator at the unit office, 309.557.4400.

Parents/Guardians of participating children have a right to appeal the contents of this policy. The district will submit any parent comments when this plan is submitted to the State. Any questions or concerns should be directed to the Coordinator of Title I services at the unit office, 309.557.4400.

The State's resources on parental involvement can be located at <http://illinoisparents.org/>. Sex Offender Notification Law

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual's child(ren):

1. To attend a conference at the school with school personnel to discuss the progress of their child.
2. To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
3. To attend conferences to discuss issues concerning their child such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the Superintendent or school board.

Anytime that a convicted child sex offender is present on school property – including the three reasons above - he/she is responsible for notifying the Principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children.

A violation of this law is a Class 4 felony.

Title IX – Civil Rights

In June 1972, the Congress passed Title IX of the Education Amendments, a law that affects virtually every education institution in the country. The law prohibits discrimination by sex in educational programs that receive federal money. The spirit of the law is reflected in the opening statement: Under Title IX,

“No person in the United States shall on the basis of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance..”

Title IX Grievance Procedure

1. A student or an employee shall present his/her complaint in writing to his/her building principal.
2. The building principal shall investigate the complaint within five working days and arrange for a hearing.
3. Failing a resolution at stage 1, the student or employee may present a statement of his/her grievance to the grievance officer.
4. The Title IX Coordinator for McLean County Unit District No. 5 shall serve as the grievance officer and render his/her opinion within five working days from the time of the hearing.
5. Failing a resolution at stage 2, the student or employee may present a statement of his/her grievance to the Superintendent who shall determine the matter within five working days from the time of the hearing.
6. Failing a resolution of stage 3, the student or employee may present a statement of his/her grievance to the Board of Education who shall determine the matter.
7. Failing a resolution at stage 4, the grievant may file a complaint with the Circuit Court.

There shall be no reprisal against any student or employee for filing a grievance or for utilizing the grievance procedure. For maintaining confidentiality, grievances will not be filed in a student's file or an employee's personnel file. The grievance file will be kept in the office of the grievance officer. The grievant has the same access to this file as he/she does to his/her own personnel file.

Parent/Guardian Involvement

Parent-Teacher Conferences

Periodically during the school year, scheduled Parent-Teacher Conferences may be held. We believe these conferences are one of the best methods of sharing information about your child. Parents/Guardians will be notified as to the date and time of these scheduled conferences. In addition to these conferences, parents or teachers are encouraged to request additional conference times whenever the need arises. Please call ahead or send a note indicating the desire for a conference. Catching the teacher in the hall or after school without prior notification or during Open House activities does not provide for the best parent-teacher communication.

Parent Groups

Parent groups help build a bridge between home and school. All parents are encouraged to become active members. A good working relationship between parents and school personnel is essential to a child's growth and educational progress. Please contact your school for contact names and meeting dates of your school's parent group.

Volunteers and Visitors

In order to ensure the safety of all students, Unit 5 requires a background check for the following volunteer groups: tutors, mentors, classroom assistants, office/clerical assistants, media center/library assistant, chaperones, and co-curricular assistants/workers. Please check with the office staff at your child's school for additional details.

Volunteers help increase the effectiveness of our educational program. They assist in a wide variety of ways including help in the IMC, office, and classrooms.

All parents, guardians, and other visitors are required by law to report to the principal's office upon arrival at any school. They need to sign-in in the office and wear an ID Badge indicating they are visitors. When visitors leave, they should stop in the office to sign-out and return the ID Badge.

Parents and guardians are invited to visit classrooms during the school year, but to avoid testing days, and the weeks prior to and following vacation periods. Small children with parents frequently disturb the classroom process. Students who have school age guests visiting in their homes from out of town must obtain permission from the principal to bring those guests to school.

Protective Orders and Divorce Decrees

It is the policy of Unit 5 that each school cooperates as much as is reasonably possible with all parents/guardians of students in Unit 5. It is also important that teachers and administrators not become involved or embroiled in custody matters and enforcement of protective orders. If a situation arises in which a parent defies a protective order or custody agreement at school, every effort will be made to contact the other parent and/or the local police. The police agency should have information about the orders of protection and enforcement of those orders.

Enforcement of Visitation Rights

The Unit 5 school district is not to become involved in the enforcement of visitation rights. Administrators and teachers cannot become involved in determining who is to have what week and/or daily custody or visitation rights even when the schools have a copy of a divorce decree that states visitation and custody rights.

Acceptable Use Letter to Parents/Guardians

Dear Parents/Guardians:

We have the ability to enhance your child's education through the use of electronic networks, including the Internet. The Internet offers vast, diverse, and unique resources. The District's goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication. Your authorization is needed before your child may use this resource.

The Internet electronically connects thousands of computers throughout the world and millions of individual subscribers. Students and teachers may have access to:

- Limited electronic mail communications with people all over the world,
- Information from government sources, research institutions, and other sources,
- Discussion groups, and
- Many libraries, including the catalog to the Library of Congress, and the Educational Resources Information Clearinghouses (ERIC).

With this educational opportunity also comes responsibility. You and your child should read the enclosed *Student Acceptable Use for Electronic Networks* and discuss it together. The use of inappropriate material or language, or violation of copyright laws, may result in the loss of the privilege to use this resource. Remember that you are legally responsible for your child's actions.

The District takes precautions to prevent access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate in the school setting. On an unregulated network, however, it is impossible to control all material and a user may discover inappropriate material. Ultimately, parents/guardians are responsible for setting and conveying the standards that their child or ward should follow. To that end, the District supports and respects each family's right to decide whether or not to authorize Internet access.

Please read and discuss the *Authorization of Acceptable Use of Electronic Networks* with your child. If you agree to allow your child to have an Internet account, sign the *Authorization* form and return it to your school.
