District	79.8	12.8	4.0	3.3	0.1	19.5	1.3		0.2	12.9	95.4	10,564
State	58.6	20.7	17.0	3.6	0.2	37.9	6.3		1.9	16.4	94.0	2,044,539

**Low-income** students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

**Limited-English-proficient** students are those students eligible for transitional bilingual programs.

**Mobility rate** is based on the number of times students enroll in or leave a school during the school year.

**Chronic truants** are students who are absent from school without valid cause for 18 or more of the last 180 school days.

**INSTRUCTIONAL SETTING**

### SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

District	\$119,220	4.43	\$4,517	\$8,716
State	**	**	\$4,842	\$8,181

\*\* Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

## ACADEMIC PERFORMANCE

### OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. These performance measures include only those test scores for the grades and subjects included in your school.

**OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE**

**ISAT PERFORMANCE**

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

**ISAT Grade 3**

**ISAT Grade 4**

ISAT Grade 5

## PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3, 4, 5, 7, and 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to students in state-approved transitional bilingual programs. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP or Section 504 Plan. An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act. A Section 504 Plan is developed to provide reasonable accommodations for a child who meets the definition of a qualified person with a disability under Section 504 of the Rehabilitation Act of 1973.

Schools with grade 2 as the highest grade in the school use a state-adopted test in reading and mathematics to meet this requirement.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

\* Enrollment on the first day of state testing.

**ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)**

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.

Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.

Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.

Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

<b>Students with Disabilities</b>														
<b>Economically Disadvantaged</b>	95.0	Yes	95.0	Yes										

**Three Conditions Are Required For Making Adequate Yearly Progress (AYP)**

1. At least 95.0% Tested for Reading and Mathematics for the All Group and Subgroups
2. At least 40.0% Meeting/Exceeding Standards for Reading and Mathematics for the All Group, and at least 37.0% for all Subgroups to compensate for error in measurement for smaller subgroup sizes, or meet Safe Harbor requirements\*\*\*
3. At least 88.0% Attendance Rate for Non-High Schools or at least 65.0% Graduation Rate for High Schools

\* Includes only students enrolled as of 9/30/02.

\*\* Safe Harbor Targets of 37% or above are not printed.

\*\*\* Subgroups with fewer than 40 students are not reported. Safe harbor only applies to subgroups. In order for safe harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. Safe harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

**FAIRVIEW ELEMENTARY SCHOOL**  
**School Improvement Plan**  
**2003-2004**

The mission of Fairview Elementary School is to educate every child to his/her full potential. Our commitment is to foster lifelong learning by recognizing and encouraging individual talents and capabilities through diverse opportunities. We also strive to create a sense of community through respect, responsibility and cooperation in a safe, caring and healthy environment.

The academic instruction at Fairview is guided by the goals and objectives in all content areas that have been developed by the teachers and administrators in the Unit 5 School District and approved by the Unit 5 Board of Education. These goals and objectives align with the standards set by the Illinois State Board of Education. Measurement of student achievement of these goals and objectives are based on state and national assessments, as well as tests developed by the district and the classroom teachers of Fairview.

Each year the Fairview Building Leadership Team and the Fairview staff analyze the results of the Stanford Achievement Test for grades two and six, and the Illinois Standards Achievement Test for grades three, four, and five. The BLT and staff also examine the number of behavior referrals to the office and in-school and out-of-school suspensions. The above data drives our school improvement action plan. **During the 2002-2003 school year** a major focus was to decrease the number of referrals to the office by implementing positive reinforcements for respectful and responsible behavior: Students were rewarded weekly with 15 minutes of free time with a partner class, received a reward for a month of good behavior, received "Bee Your Best" coupons for random acts of kindness, earned tickets that could be redeemed at our school store, could choose a prize for completing homework/classwork, and were able to leave the building to participate in an activity for nine weeks of good behavior. A guest speaker was brought in to educate our staff about redirecting misbehaviors. **A second goal** for the year was to improve student performance in language arts. Students' reading levels were monitored by administering the Jerry Johns and Gates-McGinitie pre and posttests. A school-wide Title I proposal was written and submitted to help enhance the reading levels of our intermediate students. The staff was inserviced on implementing three-minute writing samples to track student improvement in writing skills. **A third goal** was to improve student performance in math. Students' growth in math was monitored by administering a pre and posttest that coincided with the skills of the Everyday Math series. Teachers were provided with time to make math games that were utilized during math instruction to enhance the teaching and learning of specific skills. A Family Math Night was held. Students taught their parents how to play the math games utilized in their classrooms. Students were given the opportunity to purchase a summer math booklet to help them retain the skills they learned during the school

year. A Standards Aligned Classroom team was developed for the first year to begin our initiative to ensure that no child is left behind.

As the Fairview Faculty begins the 2003-2004 school year, we will continue to focus on the same three goals to allow time for school improvement to take place. These goals will be reviewed, maintained and enhanced throughout the year.

### **Goals for the 2003-2004 School Year**

#### **Increase the number of students who comply with being respectful, responsible and ready.**

- Implement the Second Step program in all classrooms.
- Continue weekly and monthly recognition of students with appropriate behavior.
- Utilize tickets to encourage daily good behavior.
- Inservice parents on bullying behaviors.
- Inservice staff on Positive Based Intervention Strategies for misbehaviors and bullying behaviors.

#### **Improve student performance in language arts.**

- Continue pre and post reading tests.
- Create book buckets for reading time before school begins.
- Implement pre and post testing on Rebecca Sitton words.
- Implement three-minute writing samples three times a year.
- Attend professional development activities.

#### **Improve student performance in math.**

- Continue pre and post testing of Everyday Math skills.
- Provide additional time for math games to be made.
- Continue to provide a summer math booklet.
- Attend professional development activities.
- Visit other schools to observe math instruction.
