Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. These performance measures include only those test scores for the grades and subjects included in your school.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3, 4, 5, 7, and 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to students in state-approved transitional bilingual programs. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP or Section 504 Plan. An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act. A Section 504 Plan is developed to provide reasonable accommodations for a child who meets the definition of a qualified person with a disability under Section 504 of the Rehabilitation Act of 1973.

Schools with grade 2 as the highest grade in the school use a state-adopted test in reading and mathematics to meet this requirement.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.

Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.

Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.

Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Three Conditions Are Required For Making Adequate Yearly Progress (AYP)

1. At least 95.0% Tested for Reading and Mathematics for the All Group and Subgroups
2. At least 40.0% Meeting/Exceeding Standards for Reading and Mathematics for the All Group, and at least 37.0% for all Subgroups to compensate for error in measurement for smaller subgroup sizes, or meet Safe Harbor requirements***
3. At least 88.0% Attendance Rate for Non-High Schools or at least 65.0% Graduation Rate for High Schools

* Includes only students enrolled as of 9/30/02.

** Safe Harbor Targets of 37% or above are not printed.

*** Subgroups with fewer than 40 students are not reported. Safe harbor only applies to subgroups. In order for safe harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. Safe harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

**NORTHPOINT ELEMENTARY SCHOOL
SCHOOL IMPROVEMENT PLAN
2003-2004**

The primary goal of the staff at Northpoint Elementary School is to provide a quality twenty-first century educational experience for every student. The Unit #5 School District has developed a set of goals and objectives in all content areas, which guide instruction in all schools. These goals and objectives are written by teachers and administrators within the district and are approved by the Board of Education. Tests, which are used to measure student achievement of the goals and objectives, are developed by our own teachers or by state and national testing specialists.

Over the course of the last school year, the School Improvement Committee at Northpoint Elementary School has analyzed local assessments, the Naglieri Ability Test results for grade one, the Stanford Achievement Test results for grades two and six, and the Illinois Standards Achievement Test results for grades three, four and five. The committee has surveyed parents and faculty as to the strengths and weaknesses of the services provided to our students. After reviewing this information, as well as the Unit #5 expectations for achievement, it is our opinion that Northpoint Elementary School students are performing far above the district and state averages. We believe, however, it is important to review methods for instruction to further enhance mastery of the goals and objectives of the district. With this in mind, our staff has formulated the following school improvement plan:

GOAL ONE - Improve the use of best practices in language arts instruction and assessment strategies.

- Monitor the portfolio assessment program.
- Conduct a reading program for parents.
- Conduct an all-school reading day.
- Implement a reading incentive program for students.
- Conduct a building study of the reading scope and sequence.

GOAL TWO - Improve the use of best practices in technology instruction and assessment strategies.

- Provide students opportunities to master each of the outlined technology goals.
- Provide faculty with training on use of ancillary equipment and web page development.
- Provide faculty with in-service on incorporating technology into daily lessons.

GOAL THREE – Improve awareness of and align our focus on the needs of diverse learners.

- Provide training for teachers to develop cooperative teaching strategies.
- Provide training for teachers to develop instructional strategies for the diverse classroom.
- Provide professional development opportunities that support co-planning and co-teaching.

At Northpoint Elementary School, our staff publishes a monthly school newsletter for parents. Teachers provide parents with regular classroom notes highlighting current classroom learning activities. Goals and objectives for each grade level are shared with parents during Curriculum Night presentations held in September. In addition, parents receive a copy of a district-prepared pamphlet describing what children should learn at each grade level. Additional information is provided to parents through progress reports, report cards, open houses, telephone calls, e-mail and parent/teacher conferences.

Recognizing that the education of students is the combined responsibility of teachers, students and parents, we welcome comments and suggestions regarding our educational programs. Through this spirit of cooperation, Northpoint Elementary School can continue to provide a quality, twenty-first century education for all of our students.
