# Middle School 101

- Bring your schedule to the first day of school
- Purchase *two* locks - one for your school locker and the other for PE
- Practice your lock combo! This can be tricky!  
\* Remember, students can't carry a backpack from class to class. Therefore, a locker is very helpful for organization!
- Laptop cases keep your device safe! Small & compact works best!
- Set up your Home Charging Station! This will be a valuable habit.
- Questions or Concerns? Email the whole team to ensure smooth communication!

## How do I stay Connected?
