Thoughtful Decisions in Unique Times

Kingsley families,

When I became a parent, I had no idea of the interesting, exciting, fearful and courageous circumstances that parenthood would bring. I have been thinking of you many times daily as you make educational decisions for fall 2020. *I support and honor your choices; every family is doing their best to make the best choice possible in challenging circumstances.*

I have been fortunate to talk with many families recently but thought additional information may be helpful. If there is other information you need to make an informed decision regarding school attendance, please reach out to myself or Mr. Hill, Associate Principal. Our emails are in the header and we can be reached via phone Monday-Friday, 8:30-3:30 at 309-557-4407.

Kind regards,
 Stacie France
 Principal, NBCT
