KJHS Goes Blended!

Dictionary.com defines *blended* as “to mix in order to obtain a particular kind or quality.” Given the metrics hold strong, on October 19, for the first time ever, Kingsley will innovate again and become a *blended school in order to offer a high-quality education and keep all in our community as safe as possible*. Our blended school will have a mixture of nearly 200 online students, who will engage with us online exclusively, with nearly 620 in-person students, who will engage with us in-person and remotely. We anticipate slightly over 200 in-person students per grade attending.

Please expect to hear more detailed plans on, or by Monday, October 12. Some safety plans have been shared in the past weeks via the Kingsley Announcements on Instagram and Facebook. In the meantime, some items to share are below.
