

Remote Learning Extended

Although anticipated, the Governor extending Remote Learning through the end of the school year caused a collective, disappointed sigh that we would not be able to share some of our end of the year traditions that help everyone transition.

We had been holding onto a *sliver of hope* that we would be able to:

- host the 8th grade dance,
- listen to 6th graders share stories of their big field trip,
- go to fun-filled locations around town for PBIS,
- spend time in the building together as a Kingsley community and more.

While we process all of the feelings, there are also some practical considerations. As a parent, here are just a few questions I might have:

- How will pre-purchased yearbooks be distributed,
- How and when can we get locker contents,
- How will laptops be returned,
- Where will we return IMC books or texts from teacher libraries and
- 6th grade families who paid for the field trip may wonder about a refund.

In short, district-level staff and principals are *working to develop detailed plans* on how to handle all these things safely and efficiently *while honoring the Stay-At-Home Order*. *As details are finalized, I will communicate with you!*
