Dear Parent,

Congratulations! Your child has qualified to take a college level course through the Heartland Community College **College Now** program. You are receiving this letter because your child has requested to take a dual credit course during the 2016-2017 school year. Successful completion of the dual credit courses will result in both high school and college credit for enrolled students.

Students enrolled in dual credit courses will be required to purchase/rent their own college textbooks. We have included our dual credit course list below with the required texts for the 2016-2017 school year.

*Each Western Civilization course has two required texts.

Students may purchase the dual credit textbooks from any vendor. Please see below for a list of additional textbook vendors.

*Those students enrolled in Environment Earth will not have the option of renting their textbook from Heartland as that class is a year-long class. Rental agreements at Heartland are only a semester in length.

We realize that the cost of textbooks may be difficult for some families; however, it is the expectation that students enrolled in dual credit courses take full responsibility to obtain the textbooks required for the selected course.

Thank you.
