Sponsored by Bloomington-Normal Sunrise Rotary

Activity Examples

Tent Camping

Tent Camping will be a core activity, with the goal of a weekend campout each month. Each campout typically has a different theme, and allows for lots of skill building and fun.

Outdoor Skills

From Fire Building to Knot Tying, from Orienteering to Shelter Building and Wilderness Survival, Scouting provides lots of opportunities to not just learn new skills, but to develop confidence for all sorts of situations, like First Aid and Emergency Preparedness.

Shooting Sports

Whether it is a shooting sport weekend, or just a day event, we will have opportunities to develop knowledge on range safety, respect for others, and to develop marksmanship as well as how to have fun with target sports.

Opportunities Galore

Ultimately, the activities the troop pursues will be up to the Youth ... The Patrol Leader's Council (PLC), made up of the Youth Leadership, will ultimately make decisions on where to go, what to do, and how the Troop will develop and have fun. Their choices stop at their imagination (and with the Guide to Safe Scouting for age-appropriate activities).

Water Wonder

Canoeing, Fishing, Kayaking, and other Water Sports are a key component to any scouting experience.
