COMMUNICATION

We know that the transition from elementary to middle school can be scary, especially during this time! We want you to know that we will be in constant communication with you and your child! Middle school is a time for the students to start to become more independent, so some responsibility will slowly be pushed on them! We will be utilizing **parent/guardian and student emails, Google Classroom, and monthly newsletters** to keep everyone updated on the latest new happening on Team 6B! We also have a **private team Instagram** where we post pictures, videos, and reminders! We would love for you to follow along. The best way to get ahold of us is through **email**! We want you to know we are here to help you & your child!
