How Are We Prioritizing Health While Getting Materials &/or Returning Items?

Geothermal/HVAC construction has significant portions of the building closed including the main entrance, guidance office, music hall, IMC, cafeteria and most of the main hall. (If you’re thinking...can we add anything more to the plate....we're with you! But, come August, we’ll be happy to have a more energy efficient and reliable heating and cooling for our Cavs! #silverlinings)

To maximize social distancing and wellness of all, using Illinois State Board of Education guidance, we are adhering to the following guidelines:

- Facemasks will not be provided but per ISBE, are required. Hand sanitizer and wipes will be available.
- One student or family member may enter the building to obtain materials. If 1:1 assistance is required then please respect the one student with one adult limit. A parent/family member may enter the building on a student's behalf.
- Students will enter through different doors depending on locker location.
- Teams are staggered by day and time (see below) with multiple days for each team.
- Times have been established for different student groups to enter through different doors.

When Can Students Pick Up & Drop Off Materials? Look for your student’s team by last name.
